We offer two digital advertising packages for showcasing your business on the voting page, along with a marketing kit to help you share with your loyal customers that you are participating! Our overall goals with this contest and special issue are to increase traffic in your doors, bring in new customers and clients, and help your business to succeed in 2026!

Purchasing advertising in no way influences your chances of winning the contest. Winners are selected from a secure voting process. Advertising can only enhance your visibility to potential voters on the website.
